

Bio of Andy van den Dobbelsteen

Andy van den Dobbelsteen is full professor of Climate Design & Sustainability and Sustainability Coordinator at the Delft University of Technology (TU Delft), the Netherlands. Next to this he is Principal Investigator with the Amsterdam Institute for Advanced Metropolitan Solutions (AMS).

Together with his team, Andy has conducted many national and international research projects on sustainability, energy transition in particular. He is faculty advisor to the successful TU Delft Solar Decathlon teams and responsible for the Zero-Energy Design MOOC, winner of the edX Online Prize 2020. The short film made for the MOOC, Energy Slaves, about domestic energy consumption, won a Gouden Reiger, the Dutch Oscar for commissioned films.

For his work in the field of sustainability Andy became Knight in the Order of the Dutch Lion. In 2019 he received the Academic Society Award from the Dutch Royal Institute of Engineers, for the way he communicates scientific knowledge to society.
